## How to use our club website.

Posted by KE5SHQ - 2008/10/28 08:14

---

If there is sufficient interest, I'd be more than happy to present on this topic at our November 4th club meeting.

We will need a projector and a wall or screen to display it on. An on site high speed internet connection would be nice to have also, but it is not a show stopper if one is not present.

Please reply to this posting to let myself and others know that you are interested.:)
